SYNOPSIS

The salary appropriations for all departments are based upon the projected salaries of all existing employees employed as of June of the preceding year. As a result of the normal turnover of employees and other position reclassifications under the pay plan, occasional shortfalls occur in a department's salary appropriation. Most often the shortfall is the result of paying accrued vacation pay to the former employee. The Line 131 - Other Personal Services account was included in the 1990 Public Works budget to eliminate this type of salary shortfall. This ordinance requests a transfer to eliminate projected shortfalls in the Animal Shelter (\$1,600), City Council (\$3,200) and Police Pension Clerk (\$400).
